ADVANCED LEGAL PROFESSIONALS TRAINING SERIES

CIVIL MODULE 2025

The Advanced Legal Professionals Training Series is offered in three separate modules: 1) Advanced Civil Litigation; 2) Advanced Administrative/Regulatory Law Module; 3) Advanced Trial, Arbitration, and Mediation Module. Each module is three weeks in length.

This multi-week training series is offered as the next step for those who have completed LPI's Intermediate Legal Professionals Training Series, as well as for the seasoned legal professional looking to take their training and career to the next level.

*****The *Legal Professionals Handbook* is strongly recommended as a textbook for this series. It is NOT included in the price of the modules; however, it can be ordered through LPI at a discounted rate for students. The series will also use LPI-authored reference guides.

The classes for each module are interactive and conducted live, in real-time, via Zoom. The Slack communication platform will also be used extensively for each module. Students will have in-class activities, as well as assignments outside of class. Weekly lab assignments, quizzes, and a final exam are part of each module. Webcam capability will be needed for this series.

Students are permitted one excused absence during each module. The student must pass the module with an overall score of 70%. Quizzes and lab assignments will count for 75% of the student's grade, and the final exam will count for 25%. At the end of the module, students who successfully pass will receive a certificate of completion and/or a credential badge. Classes will be recorded for students' additional review and study.

A discounted rate for the modules can be arranged for firms or offices that wish to enroll a group of students.
