**6:00 pm – meeting begins**

**6:30 pm – 7:30 pm – speaker**

Process servers must follow the law to ensure documents are delivered properly and legally. This seminar will help you understand:

How service must be done correctly

When service can be made

What's legal and what's not

Avoiding common mistakes and risks

Learn what you need to know before sending documents for service so you can ensure proper service, avoid delays, and protect your client's case.

This seminar is approved for 1 hour of CCLS credit.

*About the Speaker:*

### Christi Vorse

Christi Vorse has 20+ years of legal experience in serving all types of legal papers from Summons and Complaints to locating defendants that don't want to be found. The most severe type of case, with success, is working on three inter-state legal custody cases involving minor children – locating them and returning them home to their parent(s).

Christi has a unique style when it comes to process serving – she's a maverick and uses every tool and creative idea available to her. She includes law enforcement in some cases and even gives them a humoristic run for their money.

Raised in Stockton and Oakdale, CA., and at a young age, she knew she wanted to be a flight attendant, then go to law school. After graduating high school, she joined the US Navy as a flight crew attendant, then continued on as a flight attendant for an international commercial airline. Starting out her legal career, she was assigned to a legal trial working with lawyers and investigators, and after 6 months, decided that being an investigator and process server was much more challenging and fun, then started her own company.
